

GET GREAT RETURN from a franchise that ENRICHES LIVES.

we learn, we build, we play with
LEGO® Bricks

Some education franchises are built out of necessity, some from desire, and others sheer love of the concept. Rarely do you find a franchise that encompasses all these elements equally, incorporated within the scope of a simple brick: a LEGO® Brick.

Michelle Cote filled her first **BRICKS 4 KIDZ®** workshops in 2008. Those initial glimpses of genius, creative collaboration and the evident possibilities encouraged her to use her architecture and engineering background to build a proprietary model-based enrichment program that continues to grow.

There are now over 750 Owners in over 45 countries, and more than TWO MILLION kids have been through our fun education programs. In Australia, **BRICKS 4 KIDZ®** is an entrepreneurial company with experienced Australian management, a focused mission, and local support for Owners. We are passionate about education, the need for Australia to be a nation of builders, and providing fun experiences for the families who enjoy our business.

We have established over 35 locations across Australia since our foundation in April 2014. **BRICKS 4 KIDZ®** is Australia's fastest growing Education franchise.

Each year, our education and play programs fill up with repeat children and new young minds, ready to transform a thought into a vision, or a dream into a robot.

School holiday programs, after-school classes and birthday parties are scheduled and paid for within our in-house Franchise Management Tool. We've done the hard work, now it is time for you to Learn, Build and Play while having the time of your life. At **BRICKS 4 KIDZ®** we pride ourselves on the training and support that surpasses expectations, allowing you to customise and build the perfect fun education franchise that suits you.

-  **LOW COST** franchise – your business can be mobile, based in a retail space or a combination of both
-  **LOW FIXED OVERHEAD**
-  Large **TERRITORY** exclusivity
-  **FAST RAMP UP** – launch your business quickly
-  **EASY** to operate
-  Easily taught to **ANYONE**
-  **NO NATIONAL COMPETITION**
-  The workshops, school holiday programs and birthday parties are **AFFORDABLE** by nearly any family
